Branson Bailey

bransonbailey1@gmail.com | (864) 283-9439 | linkedin.com/in/branson-bailey/

SKILLS

Software/Tools: Security Information and Event Management (**SIEM**) deployment/management (**Security Onion**, **Graylog**, etc.) | **Wireshark** | **Nessus** | Elastic **(ELK)** stack | Amazon Web Services (**AWS**) (**EC2**, **S3**, etc.) | **Virtualization** (**Hyper-V**, **Proxmox**, **ESXI**, etc.)
Security Technologies: Firewalls | **CISCO** Switches | Intrusion Detection Systems/Intrusion Prevention Systems (**IDS/IPS**) (**Suricata**, **Zeek**, etc.)
Operating Systems: Windows (server & desktop), **Linux/UNIX** (**Kali Linux**, **SIFT**, Ubuntu, Debian, Arch, **CISCO IOS/NX-OS**, etc.)
Security Concepts: Threat Intelligence | Vulnerability Assessment | **Incident Response** | **Threat Hunting** | Digital Forensics

EDUCATION

Bachelor of Science in Cybersecurity

Anderson University | Anderson, SC | December 2026 | 3.85 GPA

- **Dean's List** January 2024 - Present
- **Cyber Club President** May 2025 – Present | **Cyber Club Event Coordinator** August 2024 – May 2025
- **Order of the Sword and Shield** (OSS) **Honors Society**

EXPERIENCE

Cybersecurity Analyst

Anderson University | December 2024 – Present | Anderson, SC

- Test, deploy, and configure **SIEM** systems for **log management** and **security monitoring**
- Monitor and **analyze network traffic** across all campus locations
- **Investigate security incidents** by correlating endpoint logs and network data
- Perform Digital Forensics/Incident Response (**DF/IR)** duties in the event of a security incident

Help Desk Support Specialist

Anderson University | May 2024 - December 2024 |Anderson, SC

- Provided **technical support** to students, staff, and faculty
- Utilized a ticketing system to track, prioritize, and escalate incidents
- Assisted in **managing Active Directory accounts**
- Configured workstations, printers, and peripherals for new and existing employees

National Cyber League Capture The Flags (CTFs)

Cyber Skyline | October 2023 - Present

- **Led multiple top-ranking teams**, **collaborating** effectively with team members to achieve objectives
- National Individual rankings (October 2025): Top 2.4% overall | #94 / 7,875 in Web App Exploitation
- National Team rankings (November 2025): **Top 0.4%** overall **| #14 / 4,214** in Network Traffic Analysis | **#19 / 4,214** in Forensics | **#16 / 4,214** in Log Analysis

PROJECTS

Home Lab Project

github.com/BransonBailey/Project-blog | September 2024 - Present

- Built an **advanced home lab** to expand skills in **network security**, **virtualized environments**, and **secure storage systems**
- Implemented **firewalls**, **penetration testing labs**, and an Intrusion Detection System (**IDS**)
- Developed anti-forensic malware to emulate attacker techniques

CERTIFICATIONS

Security+ ce Certification - CompTIA | Exp. 11/2027
Certified Cloud Practitioner - AWS | Exp. 12/2028
